

# **How To Setup A “Paperless” Office – You Can Do It And Save Money**

By  
**David M. Kaufmann, CPA, MBA, BS Industrial Engineering**

## Table Of Contents

|   |    |
|---|----|
| Table Of Contents.....  | iv |
| Introduction .....  | 1  |
| Sometimes paper is good! .....  | 1  |
| You are already moving towards paperless systems. ....                                | 1  |
| Paperless office as an income generator .....   | 1  |
| Expensive integrated or canned paperless systems may be a waste of money. ....        | 1  |
| Think twice before using a Web based solution. ....                                   | 2  |
| Steps to implement a paperless office .....   | 2  |
| Contact me if you have questions.....   | 3  |
| War Stories – From those who have already "gone paperless".....                       | 4  |
| R. V. J. Associates, Inc. of Thousands Oaks, CA outsources the scanning .....         | 4  |
| Wilson Miller, Inc.'s six office in Florida use Alchemy.....                          | 4  |
| Jackson, Howard & Whatley, CPAs client base increases and paper records decrease..... | 5  |
| Dennis M. Najjar, CPA, Clifton, NJ – Starts with digital to digital .....             | 5  |
| Denver Tax Software – Accounts Receivable .....                                       | 6  |
| Planning for the paperless office – Planning Phase I.....                             | 8  |
| Gather critical information first .....   | 8  |
| How long should digital documents be saved? .....                                     | 8  |
| How long to keep the "paper trail" .....  | 8  |
| By category, why are documents or files saved?.....                                   | 9  |
| Why are documents retrieved? .....  | 9  |
| How would one want to search for documents? .....                                     | 9  |
| Who should or should not be looking at documents? .....                               | 9  |
| Who creates or files documents? .....   | 10 |
| What systems create documents that are filed? .....                                   | 10 |
| A Note About Adobe Acrobat .....  | 10 |
| What types of source documents do you have? .....                                     | 11 |
| Who uses the filed documents? .....   | 12 |
| Does your present paper filing system make sense? .....                               | 12 |
| Best of breed components vs. an integrated system.....                                | 12 |
| Pros and cons of putting a paperless system together yourself .....                   | 12 |
| Best of breed components – a modular approach based around imaging standards .....    | 13 |
| Strategies for developing the paperless office – Planning Phase II.....               | 16 |
| Model the new digital paperless system after the old paper system .....               | 16 |
| Where to save digital documents.....  | 18 |
| Keep a digital to digital mindset – Avoid the printer and scanner.....                | 19 |
| Is the old stuff worth scanning? .....  | 20 |
| Make sure your files can be searched .....  | 20 |
| How long to keep the paper trail? .....   | 21 |
| Staples vs. paper clips .....   | 21 |
| Create Templates .....  | 23 |
| How to name files .....   | 23 |
| Print it out and save your eyes!.....   | 24 |
| Use Dual Monitors .....   | 24 |
| Where to put scanners – What type of scanner?.....                                    | 24 |
| Sheet Scanners .....  | 24 |
| High Speed Scanners With An Automatic Document Feeder (ADF).....                      | 25 |
| Acrobatics with PDF files – What if your software vendor disappears? .....            | 26 |
| TIFF compatibility problems .....   | 26 |
| Acrobat incompatibilities.....  | 26 |
| Backup strategies .....   | 26 |
| Saving your hard drive .....  | 26 |
| Frequency of backups .....  | 27 |

|   |    |
|---|----|
| Saving your entire machine.....   | 28 |
| Security strategies .....   | 28 |
| Wireless networks.....  | 30 |
| Laptop file system .....  | 30 |
| Training – If you are not comfortable with the system, it won't work..... | 32 |
| Choose a trainer .....  | 32 |
| How to train the trainer.....   | 32 |
| Training sessions .....   | 32 |
| Initial Implementation Phase .....  | 34 |
| Purpose.....  | 34 |
| What file system should be first? .....                                   | 34 |
| How long to run both paperless and paper systems.....                     | 34 |
| Determine who is responsible for doing tasks .....                        | 35 |
| Upgrade security as needed.....   | 35 |
| Upgrade and test backup system as needed .....                            | 36 |
| Acquire new computers if needed.....                                      | 36 |
| Set up folders.....   | 37 |
| Example.....  | 37 |
| Put a Windows Explorer shortcut on the Desktop.....                       | 38 |
| Start with Acrobat.....   | 40 |
| Create your first PDF file .....  | 40 |
| Set up indexes.....   | 41 |
| How to search the files .....   | 44 |
| Get More Out Of Acrobat .....   | 45 |
| Install a few scanners first.....   | 45 |
| Determine what settings work best for your requirements.....              | 46 |
| Test the system.....  | 49 |
| Play around with the system .....   | 49 |
| Set a date to start the Initial Implementation Phase.....                 | 49 |
| Use a feedback loop and observations .....                                | 51 |
| Is your hard disk big enough? .....                                       | 51 |
| Create a procedure manual .....   | 52 |
| Expansion Phase.....  | 54 |
| Maintaining the paperless office.....                                     | 55 |
| What to do with scanned originals .....                                   | 55 |
| Destroy digital documents.....  | 56 |
| Documents with known retention periods .....                              | 56 |
| Documents with unknown retention dates .....                              | 57 |
| Other maintenance procedures .....  | 57 |
| Don't run out of disk space!.....   | 57 |
| Keep doing backups.....   | 59 |
| Defragment the hard disk .....  | 59 |
| Get old folders out of the way.....                                       | 60 |
| Keep your security up to date.....  | 61 |
| Microsoft Word and Excel for the paperless office .....                   | 62 |
| The right and wrong ways to use Word or Excel .....                       | 62 |
| Keep your Todo or Point Sheets as Word documents .....                    | 63 |
| How to make a copy of points.doc .....                                    | 63 |
| Add more rows to points.doc.....  | 64 |
| Time or date stamp in Word.....   | 64 |
| Tickmarks and cross references in Excel .....                             | 65 |
| How to access the tickmarks.....  | 65 |
| How to use tickmarks.xls.....   | 66 |
| Tricks to make cross referencing easier in Excel.....                     | 67 |
| The Paperless Culture.....  | 68 |
| Overview .....  | 68 |

|   |    |
|---|----|
| Things You Wouldn't Do (Well) With Paper .....                            | 68 |
| Search Fast .....   | 68 |
| Compare Draft Documents Fast.....   | 69 |
| Documentation With A Digital Camera.....                                  | 70 |
| Review A Long Document, Schedule or Tax Return .....                      | 70 |
| Export To A Spreadsheet To Save Time .....                                | 70 |
| Two Businesses Work Together Faster, More Easily and At A Lower Cost..... | 71 |
| Referring To One Document Within Another .....                            | 71 |
| Appendix A – Scanner and software recommendations .....                   | 72 |
| Digital to PDF software .....   | 72 |
| Paper to scanned digital (scanners) .....                                 | 72 |
| Sheet (page) scanner.....   | 72 |
| ADF scanners with automatic document feeders (ADF).....                   | 73 |
| Scanned digital to PDF or OCR Software.....                               | 74 |
| FineReader Pro .....  | 75 |
| OmniPage Pro .....  | 75 |
| Security software .....   | 75 |
| Norton Security.....  | 75 |
| ZoneAlarm.....  | 76 |
| Appendix B – Filed Document Schedule.....                                 | 77 |
| Appendix C – How to set up folders on the computer.....                   | 78 |
| Appendix D – Using FineReader .....                                       | 81 |
| Scan the document .....   | 81 |
| Appendix E – Adding Security To Your Folders .....                        | 85 |
| Create groups .....   | 85 |
| Restrict access to a users group.....                                     | 87 |
| Appendix F – More Acrobat's With Acrobat.....                             | 89 |
| Move Information From Acrobat To Another File.....                        | 89 |
| What You Can Do: .....  | 89 |
| How To Do It.....   | 89 |
| Rotate A Page.....  | 90 |
| What You Can Do .....   | 90 |
| How You Can Do It.....  | 90 |
| Make A Check Mark On A PDF Page.....                                      | 90 |
| What You Can Do .....   | 90 |
| How You Can Do It.....  | 90 |
| Move PDF Pages Within And Between Documents .....                         | 91 |
| What You Can Do .....   | 91 |
| How You Can Do It.....  | 91 |
| Create A PDF “Rubber” Stamp .....   | 92 |
| What You Can Do .....   | 92 |
| How You Can Do It.....  | 92 |
| Require A Password To Open A PDF File.....                                | 92 |
| What You Can Do .....   | 92 |
| How You Can Do It.....  | 93 |
| Require A Password To Edit A PDF File .....                               | 93 |
| What You Can Do .....   | 93 |
| How You Can Do It.....  | 93 |
| Save Time Using Acrobat Security Policies.....                            | 94 |
| What You Can Do .....   | 94 |
| How You Can Do It.....  | 94 |
| Change Acrobat's Appearance .....   | 94 |
| What You Can Do .....   | 94 |
| How You Can Do It.....  | 95 |
| Split The Acrobat Screen .....  | 96 |
| What You Can Do .....   | 96 |

|   |     |
|---|-----|
| How You Can Do It.....                                    | 96  |
| Increase The Most Recently Used File List .....           | 96  |
| What You Can Do .....                                     | 96  |
| How You Can Do It.....                                    | 97  |
| Appendix – H Scan Cover Sheet.....                        | 98  |
| Scan Cover Sheet .....                                    | 98  |
| Folder – check one .....                                  | 98  |
| Filename – check one.....                                 | 98  |
